CSJM University, Kanpur

About the Society for Promotion of Libraries (SPL)

Society for Promotion of Libraries (SPL), Uttar Pradesh is one of the Primer Library Association in the Uttar Pradesh. SPL is a registered society under the Societies Registration Act 1860. The main objective of SPL is to create awareness and to achieve high standard in Librarianship and Information Services. The society is also committed for the overall development and promotion of Libraries and creates a strong network relationship among all Library science professionals as well as academic institutions. However society is constantly providing the service for automation and digitization of libraries and information centers on consultancy basis. The ultimate aim of the society is to build a single platform for all LIS professionals where they can share their views and experiences with each others in the new digital era.

About Department of Library and Information Science

Department of Library and Information Science was established on July 1, 2002 in the main residential campus of C.S.J.M. University, Kanpur to impart and promote the multi and interdisciplinary higher education in Library Sciences by utilizing the modern concepts of teaching and research at master and doctorate level. The Institute was established with a view to impart higher education in the field of Library Sciences. Since its inception, the Institute has been actively involved in imparting education at higher level and has produced a number of good and successful students. The institute of Library Sciences is situated in an impressive building in the University Campus. The Institute offers courses B.Lib. & Info.Sc. and M.Lib. & Info.Sc. This programme comprises theoretical courses including specialized courses in some subjects including field work. In addition, research work in the form of a dissertation is an essential part of the programme.

About C.S.J.M. University, Kanpur

Campus is located in one of the biggest industrial metropolis of State of Uttar Pradesh Kanpur. Chhatrapati Shahu Ji Maharaj University stands as a hallmark of higher education. It is an educational community where students of various religions and cultural backgrounds study and work together in a congenial atmosphere. The university is geared to provide maximum scholastic benefit to each individual student.

The Chhatrapati Shahu Ji Maharaj University Kanpur has been on the map of higher education for more than three decades. Established in 1966, it has not looked back. The university is booming with academic activities. While the undergraduate and post-graduate programmes in all disciplines of Art, Science, Commerce, Law, Engineering and Medicine are offered in affiliated colleges and institutions, the residential wing of the campus includes faculties of Life Sciences, Business Management, Education and English. It also has a computer centre, a department of Adult and Continuing Education, Communication and a College Development Council. For catering to the needs of young engineering aspirants, the university has recently started an Institute of Engineering and Technology in the campus offering courses in four branches of engineering viz. Chemical, Computer Science and Information, Mechanical Engineering in the first instance. The university seeks to contribute to student an education through curriculum design, the development of new courses and the application of a forward looking and innovative teaching methodology. Kanpur, the industrial capital of U.P. and commonly known as the Manchester of Northern India has had a very eventful history.

About the Society for Library Professionals (SLP)

The Society for Library Professionals (SLP) was established on 3 January 2008 under the Societies Registration Act 1860. The role of this Society is to achieve a high standard of Librarianship in India. This will be achieved by the development of strong linkages among libraries and information centers across the globe; promotion of the library and information science professions in India by fostering collaboration with national and international agencies; and for intellectual development and education exchange of its members.

Conference Objectives

- The most important objective of this event is to provide a platform for the exchange of knowledge and skills relevant to Information professionals
- To bring together the library professionals and students at a common platform
- To ensure that information professionals are aware of the latest developments in the library and information field
- To create awareness among the library and information science professionals on the latest developments in the library and information services
- To explore the emerging technologies for delivering quality and value added services
- To promote best practices in the field of libraries and information centers
- To assess new applications of new technologies in the modern information era
- To share the experience of librarians for applying IT in their libraries
- To highlight the responsibility of libraries in the service to society
- To know how to make better use of library services with the application of new technology

Thematic areas

The conference will discuss all aspects of libraries in present scenario and also this conference will provide the road map for building the global knowledge society. Each theme will be divided into several sub-themes as detailed below, but not necessarily limited to:

Sub theme 1. Emerging Technologies in Libraries and Information Services

- Collaborative models of library services
- New dimensions to Library services on the cloud computing
- Systems and technologies required for cloud computing applications
- Content Creation & Content Management System in emerging trend.
- Digital Libraries and Future
- E-Human Resources Management
